GOLD

What I now about the Bush

• Gold can be found in water or in mining shafts.

• If you want to mine

you need to get a clam.

the clam can be as big as you want
clam to be but you need the

to pay as much as they

say.

• When you are in you
need a license to mine.

• But if you don't have
a license they've

lots can take the
Gold from you.
